28 2nd Sunday of Lent Worship, 10am Sunday School, 11:20am	<p><i>The Christian spiritual life cannot be lived apart from community. Elizabeth O'Connor writes, "This is the most creative and difficult work to which any of us will ever be called. There is no higher achievement in all the world than to be a person in community, and this is the call of every Christian." The church is called to be the very community where we learn to live out the love of Christ in spite of and through our conflicts. We need to allow Christ to be our peace and to find our unity in him."</i></p> <p style="text-align: center;">~ Companions in Christ</p>
